- Efficiency of nervous system (especially brain) and liver as well as lifespan of person decreases.
- Brain development in adolescents is hindered due to alcoholism
- ability of memorization and learning becomes slow.

★ 3 Marks Questions: ★

Answer the following.

1. Explain the importance of good communication with others.

[2025]

Ans:

- Good communication helps us in development of good relationships with others.
- We can express our ideas and feelings to others.
- It helps to understand each other's emotions and thoughts.
- It helps us to get moral support and understand other's viewpoint.
- It helps us to solve our problems and get help from people around us.
- It keeps away addiction and stress, we have people to approach in difficult times and problems.

2. What will you do? Why?

a. You are spending more time in internet/mobile games, phone, etc.

[2022]

Ans:

1. I will try to reduce the time I spend on the Internet, cell phone, and games as it can be very addictive and can lead to many physical problems like headache, insomnia and tiredness.
2. I will indulge in other activities like singing, dancing, meditation, or playing a sport in free time.
3. I will try to help my mother and father in house chores or I will persist my hobby in that time.
4. I will put my time in learning some valuable skills like typing, coding etc. which can help me in future.

b. Child of your neighbour is addicted to tobacco chewing.

[2019, 2020, 2022, 2026]

Ans:

1. I will first talk to the child politely and explain the harmful effects of chewing tobacco.
2. I will encourage the child to stop the habit and suggest healthier activities. I will inform the child's parents or a trusted adult about the problem.
3. I will suggest taking the child to a doctor or counsellor for proper help if needed.
4. I will do this because tobacco addiction is harmful to health and can cause serious diseases.

c. Your sister has become incommunicative. She prefers to remain alone.

[2019, 2020, 2022]

Ans:

1. I will talk to my sister gently and ask her what is troubling her and listen to her patiently without judging or forcing her to speak.
2. I will spend more time with her and involve her in family activities. I will encourage her to share her feelings with someone she trusts.
3. If the problem continues, I will inform my parents or a trusted adult.
4. I will do this because talking and getting support can help her feel better and less lonely.

d. You have to use free space around your home for good purpose.

[2020, 2022]

Ans:

1. I will use the free space around my home to grow plants and vegetables.
2. I will plant flowers and trees to make the surroundings beautiful.
3. I will also create a small sitting area for the family.
4. I will do this because it will make the home greener, cleaner and more pleasant.

e. Your friend has developed the hobby of snapping selfies.

[2019, 2020]

Ans:

1. I will talk to my friend about the habit of taking too many selfies. I will explain that taking selfies in dangerous places can lead to serious accidents or even death.
2. I will warn my friend not to take selfies near roads, railway tracks, rivers or tall buildings.
3. I will encourage my friend to spend more time on studies and useful activities. I will suggest developing hobbies like reading, sports or drawing.
4. I will do this because careless selfie-taking can waste time and put a person's life at risk.

f. Your brother studying in XII has developed the stress.

[2022, 2026]

Ans:

1. I will talk to my brother and ask him about the reason for his stress. I will listen to his problems patiently and support him.
2. I will help him make a proper study timetable and take regular breaks.
3. I will encourage him to sleep well, eat healthy food and exercise regularly.
4. I will do this because too much stress can affect his health, studies and confidence.
